

SENATOR WEHRBEIN: If it was a really good case and the amount was 100,000, I would strongly consider it.

SENATOR BERNARD-STEVENS: What if it was kind of a mediocre case and the amount was 100,000?

SENATOR WEHRBEIN: Mediocre case, I would probably be kind of hard-nosed.

SENATOR BERNARD-STEVENS: Okay, maybe cut it to 50 or something like that?

SENATOR WEHRBEIN: Or less.

SENATOR BERNARD-STEVENS: (Laughter.)

SENATOR WEHRBEIN: And I was going to say, too, on Senator Robinson's issue, the weatherization, I think properly that could be in an A bill too rather than in the mainline budget, if...what he wants to do in terms of the Weatherization Fund.

SENATOR BERNARD-STEVENS: But you agree it would be...it would be proper, since the issue was given to the committee and you could have chosen to do it or not, you would not be opposed at least to the effort to put it in here rather than an A bill. Whether or not you would support it or not is another matter but you would agree it is a proper place.

SENATOR WEHRBEIN: You're talking about the planning money for reorganization. Is that the issue you're talking about?

SENATOR BERNARD-STEVENS: The planning money for special ed.

SENATOR WEHRBEIN: Or special ed. Well, I will have to look at the issue.

SENATOR BERNARD-STEVENS: Well,...

SENATOR WEHRBEIN: See, I wasn't really aware that this was decimating to that. I had no feedback after our initial conversation so I...

SENATOR BERNARD-STEVENS: That's fair.
